

Introducing ATIEL

The technical association of the European lubricants industry

ATIEL is a non-profit association (ASBL) representing the combined knowledge and experience of leading European and international engine oil manufacturers and marketers.

Through its members' combined knowledge and experience, it develops scientifically sound guidelines, best practices and standards to key technical, environmental and quality issues that benefit all stakeholders, manufacturers, end-users and the lubricants industry. **ATIEL** promotes the availability of superior quality products in the marketplace.

In addition, **ATIEL** promotes consensus on key technical, product stewardship and sustainability issues, ensuring that engine oils continue to contribute to improved wear protection, deposit control, lower emissions, and fuel economy CO2 emissions efficiency.

ATIEL also aims to enhance the reputation of the lubricants industry by providing expert advice to regulators and industry partners.

Vision & Mission

To be recognised as the technical and innovative hub of the manufacturers, the developers, and marketers in the European Lubricants industry.

To engage and be influential with all relevant stakeholders

ATIEL Code of Practice

Visit atiel.eu to download the latest version of the **ATIEL Code of Practice** that provides guidelines for the development of engine oils that meet the latest European ACEA specifications.
